3. Consent and Cookie Banner

In accordance with the Italian DPA Guidelines of 10 June 2021 and IDPC Malta guidelines, the cookie banner meets the following requirements:

- **Wix technical cookies:** installed automatically, no consent required (art. 5(3) ePrivacy Directive).
- **Social media cookies (Facebook/Instagram):** installed only after explicit opt-in consent. Social buttons do not load cookies before consent.

- **Equal prominence:** the "Reject" button is visually equivalent to the "Accept" button — no dark patterns.
- **No pre-ticked boxes:** consent requires a positive action from the user.
- **Closing the banner:** the X button is equivalent to rejection — not acceptance.
- **No cookie wall:** access to the site is not conditional on accepting social cookies.
- **Withdrawal of consent:** can be changed at any time via the "Manage Cookies" link in the site footer.
- **Preference storage:** 12 months, after which the banner is shown again.
